

2020

ANNUAL REPORT

Fitzsimons

A PARTNERING CREDIT UNION

FROM THE CHAIRMAN AND CEO

It is no news by now that 2020 was dominated by the global COVID 19 pandemic and the accompanying economic fallout. While no one could foresee this crisis, Fitzsimons Credit Union was able to quickly respond to the needs of our members once businesses began shutting down and members started getting their paychecks cut or losing their jobs entirely. As an employer, Fitzsimons Credit Union responded to the crisis by limiting in-branch lobby traffic, having more staff work remotely from home, doubling the size of our call center staff, and adopting CDC recommendations such as social distancing and wearing masks in efforts to protect our employees. We are proud to say that none of our staff was laid off because of the pandemic which was critical in that Fitzsimons Credit Union was able to react and roll out member pandemic relief programs such as loan payment deferrals, loan assistance, and waivers of early withdrawal penalties. The loan payment deferrals included three months of no payments and no fees on auto loans, and interest-only payments on home equity loans for three months. Our loan assistance program consisted of offering signature loans up to \$2,000 with no payment due for 90 days, low interest rates, and no minimum credit score or income required to qualify. As of Dec 2020, we have provided 214 assistance loans worth \$419,000 and have extended 1,100 loan deferrals to assist members during this challenging time.

Despite a focus on shifting resources and processes in response to the pandemic, Fitzsimons Credit Union was still able to recognize some successes during the year. In September 2020, our regulators granted us an amendment to our Charter to expand our field of membership. The amendment is the first significant change in over 21 years when we first changed our Charter in response to closure of the Fitzsimons Army Medical Center.

Our amended Charter, Section 5 now reads:

"The field of membership shall be limited to those having the following common bond: 1. Persons who live, work, worship, or attend school in, and businesses and other legal entities located in Adams, Arapahoe, or Denver Counties; spouses of persons who died while within the field of membership of this credit union; employees of this credit union; members of their immediate families or household; and organizations of such persons. Reasons for amending our Charter include increasing opportunities for member growth and simplicity in communicating member eligibility."

Another success for Fitzsimons Credit Union in 2020 was winning 1st place in the state and 2nd place nationally for the Louise Herring Award. The award recognizes credit unions that do an extraordinary job incorporating credit union philosophy into daily operations. Fitzsimons Credit Union was recognized for expanding its digital account opening and lending platform to be available in English and Spanish to better serve its member base.

The true purpose of the credit union is to be there for you, especially during difficult times. Our response to the pandemic disruption proved that we embody the credit union philosophy of "people helping people" and with 2020 now behind us, the board and management want to thank you, our members, for your continued support of our Fitzsimons Credit Union.

ROBERT FRYBERGER
President/CEO

On behalf of the board of directors and the staff of Fitzsimons Credit Union,
we thank you for your continued support. It is our privilege and honor to serve you.

SUPERVISORY COMMITTEE REPORT

The National Credit Union Administration (NCUA) requires that the supervisory committee ensure that the board of directors and management of Fitzsimons Federal Credit Union (FFCU) meet required financial reporting objectives and establish practices and procedures sufficient to safeguard members' assets. In satisfying this requirement, the supervisory committee assures that (1) internal controls are in place and effectively maintained, (2) accounting records and financial reports are accurate, and (3) plans, policies and controls are properly administered by the board to safeguard against error, conflict of interest, self-dealing and fraud.

First engaged in 2016, Doeren Mayhew CPAs, conducted the 2020 annual opinion audit and expressed an unqualified opinion on the credit union's financial statements for the period ending September 30, 2020. The purpose of the opinion audit is to review the credit union's accounting records and financial reports in accordance with auditing standards generally accepted in the United States of America. Those standards require that the auditors plan and perform the audit to obtain reasonable assurance that the financial statements are free from material misstatement. A component of the opinion audit includes performing a verification of members' accounts against the credit union's records. The independent auditors' report indicates the audited financial statements as of September 30, 2020, present fairly, in all material respects, the financial position of the credit union.

The unaudited financial statements as of December 31, 2020, as listed in the annual report cannot be verified by the supervisory committee; however, there have been no material changes in accounting policies or management of the credit union that would cause concern.

In addition to the annual opinion audit, the supervisory committee engaged Holben Hay Lake Balzer CPAs, a Division of SingerLewak, to conduct quarterly audits of the credit union's internal controls. Internal controls include operating procedures, staff structure and other measures within the credit union to safeguard member assets, ensure the accuracy and reliability of accounting data, and compliance with board policies. Good internal controls minimize the possibility of undetected fraud and errors.

INDEPENDENT AUDITOR'S REPORT

To the Members of Fitzsimons Credit Union
Aurora, Colorado

We were engaged by Fitzsimons Credit Union to perform an independent audit of the Credit Union's financial statements for the year ended September 30, 2020. We have issued our independent auditor's report dated February 23, 2021.

In the independent auditor's report we expressed an unmodified opinion on the Credit Union's financial statements. An unmodified opinion states that the financial statements present fairly, in all material respects, the financial condition of the Credit Union as of September 30, 2020 and the results of its operations and cash flows for the year then ended.

A full copy of the independent auditor's report and audited financial statements is available from the Credit Union upon request.

Sincerely,

Doeren Mayhew

Your credit union received a variety of audits/ examinations in 2020, that were reviewed by the supervisory committee. I am pleased to report there were no material misstatements or findings as a result of those audits or examinations. Management cooperated fully with the supervisory committee, examiners and auditors. They responded promptly and seriously considered any recommendations that resulted from these audits/examinations.

It has been a pleasure serving the FFCU membership. Additionally, we thank the board of directors, the management and staff for their support and cooperation in assisting the supervisory committee carry out its responsibilities to the membership.

TREASURER'S REPORT

The world faced many difficult and unprecedented challenges in 2020 and despite the difficulties faced during the year, Fitzsimons Credit Union finished the year strong and ready to look forward. The credit union was able to maintain its strong net worth and remained well capitalized throughout the year. The credit union's net worth ratio was 11.62% at the end of the year, well above the minimum threshold of 7.00% to be defined as well capitalized by the National Credit Union Administration. Our strong net worth position has continued to allow us to support our members through these difficult times and have the confidence that we continued to maintain our solid foundation.

Our member's borrowing needs shifted during the year, however the credit union continued to have strong loan growth of 4.07%. While loan growth slowed in 2020, the credit union worked hard to meet members needs throughout the pandemic by focusing on working with members on their payments and offering loan products to help gap the difficult time. The credit union yielded 5.95% in interest income on the loans in 2020 which continues to provide revenue for operating expenses, loan losses and dividends for the membership. Fitzsimons continues to offer competitively priced lending options and work with members in need of financial assistance. Deposit growth also shifted in 2020 as stimulus payments were paid out by the U.S. government and members began depositing their funds into safer investments. Deposit growth was 14.26% for the year, a significant increase from prior years.

Our main area of focus will be to balance deposit and loan growth while minimizing loan losses and managing expenses. The Federal Reserve lowered the target Federal Funds rate twice during 2020 in response to the pandemic and economic fallout. It is anticipated that the Federal Reserve will keep rates at the current target rate through 2023. Regardless of the trajectory of future interest rates, the credit union remains committed to operating soundly and serving our membership. Your board and management make operating a safe and financially sound credit union a high priority; preserving the credit union's strong net worth position by not taking unwarranted risks. We thank our member-partners for their continued support and loyalty.
